

April 15, 2008

The Honorable Don Lehe  
Indiana State Representative-District 15  
10644 S 100 E  
Brookston, IN 47923-8300

Dear Representative Lehe:

It is with deep appreciation of your continuing effort to create a better and better economic climate for Indiana and its employers that I have the pleasure to advise you that once again the Indiana Manufacturers Political Action Committee, acting on behalf of the membership of the Indiana Manufacturers Association, endorses your candidacy in the May primary for the Republican nomination in House District 15.

We have examined the candidates in the primary election very closely. It is apparent that your re-election to the House representing Benton, Newton, Lake and White Counties is of the utmost importance to the economic climate of your district and that job creation will prosper the most under your leadership.

Don, as you know, IMA and IMPAC have long kept voting records measuring the willingness of legislators to support legislative measures enhancing economic growth and business success across Indiana. Once again, you have a 97 percent IMA voting record – just as you have had in every session you've served.

If Indiana is to prosper and grow economically, it is certain that we need you representing House District 15 to help make that happen.

We recommend to every voter in the Republican primary in House District 15 that they vote for you. We encourage every business person in House District 15 to do everything within their power, to influence every vote they can and publicly support your candidacy to ensure your re-election.

Most Sincerely,

A handwritten signature in black ink, appearing to read 'Edward O. Roberts'. The signature is fluid and cursive, with a prominent initial 'E'.

Edward O. Roberts  
Treasurer, IMPAC  
Vice President, Indiana Manufacturers Association
